

Woodham v GCDoc et al 1:19-cv-1194-JL

FILED - USDC-NH  
2021 MAR 15 PM 1:42COMPLAINT 13

From ~2/8/20 to about April of that year, defendants repeatedly filmed me, without my consent, and despite my repeat protests. Frequently they tried to do so surreptitiously, as I refused to engage in dialogue while being recorded.

2. This began when one day, frustrated with the requirement that I, and no other inmate, was required to wear restraints when leaving the subunit, I refused to wear them altogether.
3. When I asked why this was necessary, given that I was an 160 lb woman with chronic illness who hadn't engaged in anything remotely resembling cardiovascular exercise in nearly a year, I was informed that this was "policy". However, Ofc BEATRICE insinuated it was because I had "laid hands on one of [the staff]".
4. I had been repeatedly attacked by (male) staff members but had not initiated any of these altercations. Furthermore, the jail refused to acknowledge those assaults.
5. The typical scenario played out like this: two officers would come to my cell, one with a recording device, the other with the shackles. Then, they would try to trick me into saying that I was refusing to see the doctor, or go to court, or whatever they planned to escort me.
6. I was always very clear that I wanted to get medical treatment or attend my hearing, which was ultimately pointless I think as they'd only document that I'd "refused" anyway.
7. This practice ceased in April 2020 when I was moved from the subunit and they were no longer blatantly discriminating against me.

RELIEF: Filming me for a prosecutorial versus safety and security function is a violation of my 4th Amendment rights according to the body of case law on the topic (I'd cite specific ones but I've been denied access to my reference material). Since it appears to have been a policy of the jail's to film me under these specific circumstances, I'm holding the county liable for compensatory damages.

B. I'm unable to be more specific with regards to those directly culpable as my notes from this period were destroyed. Likewise I'm waiving the Due Process claim as I am unable to research it at this time.

US DISTRICT COURT - NH

Woodham v. State (habeas petition)

20-cv-537 - PB

ADDENDUM

1. I've been incarcerated at Grafton Jail since June 2019, nearly two years. Since my attorney did no work on my case within the 1st year except to have me evaluated (by a supremely underqualified practitioner) and the jail's medical care is unconstitutionally insufficient, my health has degraded to the extent that I am unable to stand trial.
2. In July 2019, I was evaluated by Eric Oregon, a forensic psychologist, who documented in his report, dated August 2019, that it was "difficult to see how she could presently be able to [stand trial]" which he ascribed to "the difficulties [I have] experienced obtaining effective treatment while incarcerated". (Exhibit A)
3. In September 2019, both my attorney & the prosecutor made an informal agreement that I would be found incompetent & unrestorable. However, they have since been unable to resolve my case. Moreover, I have been exhibiting these symptoms since at least early March 2019, when the Court resolved to have me evaluated for competency.
4. Since resolution of a competency plea only requires an agreement between prosecution & defense attorneys, the State cannot ascribe the delay to Covid. Keeping me incarcerated where I cannot receive adequate medical treatment states an 8th Amendment claim keeping me incarcerated while I have been deemed incompetent to stand trial due to a serious, chronic medical issue is a violation of my Due Process rights (*Oregon Advocacy v. Mink*).
5. Moreover, the State's proposed solution, which is to have me committed to the care of my parents, grossly disregards my safety & well being as it's been extensively documented thru my phone calls & medical records that they are & have been extremely abusive. I've made my attorney aware of this & he does not seem to give a shit (therefore this petition).
6. According to various police officers & witnesses, who either are or should be under investigation for perjury, I cannot be unleashed upon the community for fear I will "stalk" or "harrass" the so-called victims. Meanwhile, the State's own discovery demonstrated that my proposed guardians have both stalked & abused me.
7. As demonstrated in accompanying documents, and lawsuits also filed in this court, the State has no case, everyone is liable to me for damages, and keeping me here is, therefore, not only cruel & unusual punishment, but denial of my Constitutionally protected right to liberty.

Facts: I filed a timely objection to Mr. Johnston's R & R. It appears there's been some kind of clerical error. I also have reason to believe my jail is tampering with my mail. (Exhibit A)

2. I've repeatedly requested confirmation of all filed documents as when I began litigating but the Court has not been forthcoming

3. In case the Court is not able to dredge up my existing motion, I've included a brief summary of it here:

a. I've been forced to seek federal jurisdiction because the Superior Courts do not respect my Due Process Rights & allow me to file in forma pauperis, consistent with my status as an indigent inmate. (see Exhibits B - )

b. It's my understanding that one can file in Federal Court (under § 1915?) if one does not have an avenue of relief in state court. (Reid v. NH) (Hudson v. Palmer?)

c. Likewise, I believe there are grounds to state a (1983) conspiracy & (1983) individual acting as state claim but in the interest of expediting the process haven't made them as I believe the previous argument is sufficient & I would need to request an extension in order to do the necessary research.

d. At this juncture Grafton Jail has not been forthcoming in providing me with legal reference material and may have even hidden or destroyed some of my own, personal property in their efforts to impede my litigation (see Woodham v. G & B Co)

RELIEF: Please reconsider your decision to close the case, R & R.

Woodham v. GCDoc et al

Response to Defendant's Objection (doc 54)

- ⊗ I'm not sure why defense counsel includes my criminal charges as it appears irrelevant & prejudicial.
- ⊗ Grafton Jail effectively has no grievance process. Staff here have repeatedly denied my requests for a formal grievance. The two exceptions were when I took an issue to Superior Court. They never gave me copies of those grievances, despite my requests, & if I ask for them now will probably claim they "lost" them. What reported on this issue extensively is a previous complaint.
- ⊗ For some reason, the staff psychiatrists seem really reluctant to give me the medication I need. I believe this is due to interference from full-time staff members who bring<sup>up</sup> my so-called disciplinary record undermining this due to some kind of psychiatric issue. This is not only unprofessional, but a violation of various civil rights. It's pretty difficult to prepare legal documents when you're so depressed you can hardly string a sentence together. I hope this provides an adequate rebuttal to defendant's allegations that my request for extension of filing deadline lacks "good cause". I hope this also explains my relevant incoherence re: docs filed at around this period.

- ⑧ My medical needs remain untreated since the GP hired by the county is too demented to treat a yeast infection nevermind complex neuroimmune disease. The defendant & her deputies falsely claim there's nothing wrong with me. It doesn't help that management has knowingly and willfully segregated me to a part of the jail where an LED lamp with the intensity of a stadium light is kept on 16 hours a day, forcing me to adjust my circadian rhythms in order to accommodate (previously documented) neurosensitivities.
- ⑨ The jail is also completely indifferent to my litigation needs, denying me any access to legal reference material altogether, ironically, as a disciplinary measure in response to my efforts to attend my own court hearing (in lieu of staff actually doing their jobs). I've repeatedly showed this decline to various officers without much success, probably because it involves a lawsuit against the facility. The Sup't and Captain ignore my written requests, and, even, apparently, my lawyer's phonecalls, and on 2/17/21 Gpr Floor even saw fit to wrestle me for the pencils I used to write this response. I don't understand why these things happen please make it stop
